

# Scotton Lingerfield Primary School

## Geography Long term plan KS1 and KS2

Updated November 2023

Year A				
	EYFS	Year1/2	Year 3/4	Year 5/6
Aut 1	Through a planned curriculum and the opportunity for deliberate practice in continuous provision, children learn about people and places through observation, discussion, stories, non-fiction texts and from drawing information from maps, the globe, plans and photographs. They learn about their local community and environment and understand how this differs to other places in the World. They observe how the weather changes through the seasons in their local area. They begin to explore the world, comparing environments that are different to their own – hot and cold places and rainforests. They compare their local village to a seaside town.			
Aut 2		What is the weather like in the UK?	Who lives in Antarctica?	What is life like in the Alps?
Spr 1				
Spr 2		Where am I?	Why do people live near volcanoes?	Why does population change?
Sum 1				
Sum 2		What is it like to live in Shanghai	Where does our food come from?	Would you like to live in the Desert?

Year B				
	EYFS	Year 1/2	Year 3/4	Year 5/6
Aut 1	Through a planned curriculum and the opportunity for deliberate practice in continuous provision, children learn about people and places through observation, discussion, stories, non-fiction texts and from drawing information from maps, the globe, plans and photographs. They learn about their local community and environment and understand how this differs to other places in the World. They observe how the weather changes through the seasons in their local area. They begin to explore the world, comparing environments that are different to their own – hot and cold places and rainforests. They compare their local village to a seaside town.			
Aut 2		What is it like here?	Why are rainforests important to us?	Why do oceans matter?
Spr 1				
Spr 2		Would you prefer to live in a hot or cold place?	What are rivers and how are they used?	Where does our energy come from?
Sum 1				
Sum 2		What can you see at the coast?	Are all settlements the same?	Can I carry out an independent fieldwork survey?
